

Relatório Integrado de Revisão CAD

Original: 13358002_REV_7_draw_1.pdf

Revisado: 13358002_REV_8_draw_2.pdf

1. Header

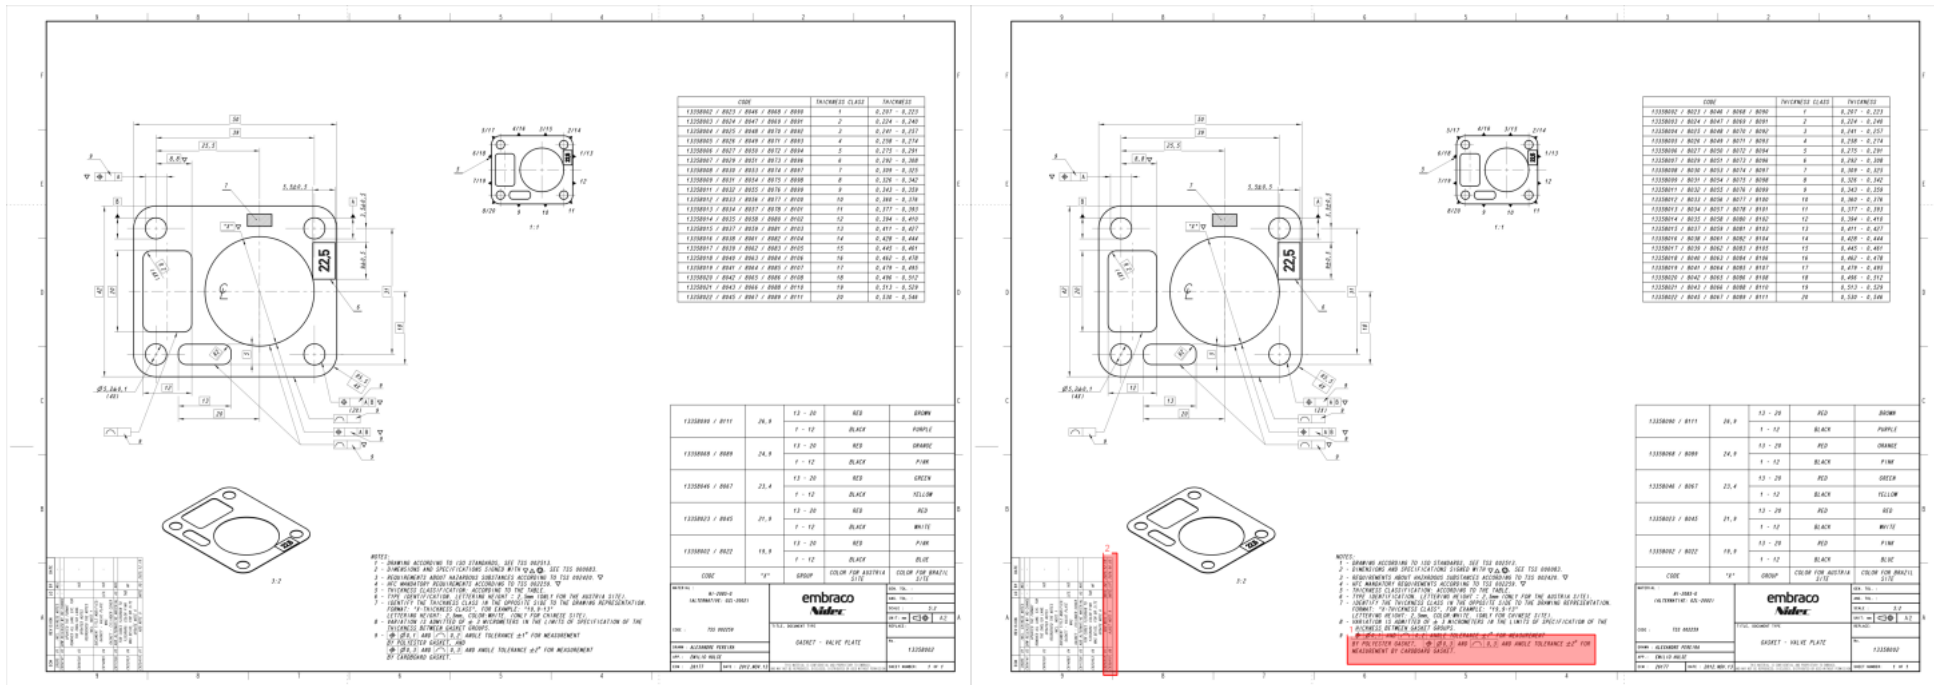

Drawing No.	13358002
Title	GASKET - VALVE PLATE
Compressor Series Code	-
CR	26177
Classification	GASKET - VALVE PLATE
Last revision date	2026.06.05

Drawing Block Transcription

Materials	NI-2085-G; GZL-2002
Material Code	TSS 002259
Drawn by	ALEXANDRE PEREIRA
Approved by	EMILIO HULSE
Drawing Code (ECM)	26177
Date	2012.NOV.13
Name and document type	GASKET - VALVE PLATE
General tolerance	-
Angular tolerance	-
Scale	5:2
Unit	mm
Replace	-
Number	13358002

Comparison - page 1

3. Applied Standards

- ISO STANDARDS - Mencionada na Nota 1: 'DRAWING ACCORDING TO ISO STANDARDS, SEE TSS 002513.'
- TSS 002513 - Mencionada na Nota 1: 'DRAWING ACCORDING TO ISO STANDARDS, SEE TSS 002513.'
- TSS 000083 - Mencionada na Nota 2: 'DIMENSIONS AND SPECIFICATIONS SIGNED WITH, SEE TSS 000083.'
- TSS 002420 - Mencionada na Nota 3: 'REQUIREMENTS ABOUT HAZARDOUS SUBSTANCES ACCORDING TO TSS 002420.'
- TSS 002259 - Mencionada na Nota 4: 'HFC MANDATORY REQUIREMENTS ACCORDING TO TSS 002259.'

Standards suggested for human validation

- ASTM F104
- ASTM F36
- ISO 1629

Reasoning: A peça é uma junta de vedação para placa de válvula (Gasket - Valve Plate), comumente fabricada em materiais não metálicos ou elastômeros. Recomenda-se validar a aplicabilidade da norma ASTM F104 para classificação de materiais de junta não metálicos, a ASTM F36 para ensaios de compressibilidade e recuperação, e a ISO 1629 para a nomenclatura de materiais de borracha e elastômeros.

4. Difference Table

Comparison - page 1

- Confirmed changes: 2
- Filtered false positives: 0

ID	Difference found	Recommended Action
1	The phrase "BY CARDBOARD GASKET." was moved to a new line and the text was adjusted to include "MEASUREMENT BY CARDBOARD GASKET.". The position of the geometric tolerance symbols for cardboard gasket was also shifted left.	Validate the change against the applicable technical requirement.
2	A new revision entry was added to the revision block. The new entry is labeled '08', with revision number 'CR30970', description 'ADJUST NOTE 9', date '2026.05.05', and 'LLF' for the note ID.	Validate the change against the applicable technical requirement.

Change Details

Change #1

⌀0,1 AND 110,2 ANGLE TOLERANCE ±1 FOR MEASUREMENT
BY POLYESTER GASKET, AND
⌀0,3 AND R0,3 AND ANGLE TOLERANCE ±2° FOR MEASUREMENT
BY CARDBOARD GASKET.

Original

⌀0,1 AND 110,2 ANGLE TOLERANCE ±1 FOR MEASUREMENT
BY POLYESTER GASKET, ⌀0,3 AND R0,3 AND ANGLE TOLERANCE ±2° FOR
MEASUREMENT BY CARDBOARD GASKET.

Revised

Description: The phrase "BY CARDBOARD GASKET." was moved to a new line and the text was adjusted to include "MEASUREMENT BY CARDBOARD GASKET.". The position of the geometric tolerance symbols for cardboard gasket was also shifted left.

Change #2

Original

CR25474	07	ADD NOTE 9	NOTE ID	2025.12.18
---------	----	------------	---------	------------

Revised

CR25474	07	ADD NOTE 9	NOTE ID	2025.12.18
CR30970	08	ADJUST NOTE 9	NOTE LTF	2026.06.05

Description: A new revision entry was added to the revision block. The new entry is labeled '08', with revision number 'CR30970', description 'ADJUST NOTE 9', date '2026.05.05', and 'LLF' for the note ID.
