

Integrated CAD Review Report

Original: 19308856_revF_draw_1.pdf

Revised: 19308856_revG_draw_2.pdf

1. Header

Drawing No.	19308856
Title	PK CABLE, MC, FAN ADP., FASTON, 1.0m
Compressor Series Code	-
CR	CR26492
Classification	Cabo eléctrico
Last revision date	2026.JUN.10

Drawing Block Transcription

Materials	SEE TABLES
Material Code	-
Drawn by	RAFAEL RECH
Approved by	ALEXANDRE CABRAL
Drawing Code (ECM)	CR26492
Date	2025.FEB.05
Name and document type	PK CABLE, MC, FAN ADP., FASTON, 1.0m
General tolerance	±10
Angular tolerance	-
Scale	1:1
Unit	mm
Replace	-
Number	19308856

2. Applied Standards

- ISO STANDARDS - Note 1: DRAWING ACCORDING TO ISO STANDARDS, SEE TSS 002513.
- TSS 002513 - Note 1: DRAWING ACCORDING TO ISO STANDARDS, SEE TSS 002513.
- TSS 002470 - Note 2: DIMENSIONS AND SPECIFICATIONS SIGNED WITH ... SEE TSS 002470.
- TSS 002420 - Note 3: REQUIREMENTS ABOUT HAZARDOUS SUBSTANCES ACCORDING TO TSS 002420.
- SOP 009340 - Note 5: VOLTAGE DROP, PULL OUT STRENGTH AND TERMINALS ACCORDING TO SOP 009340.

Standards suggested for human validation

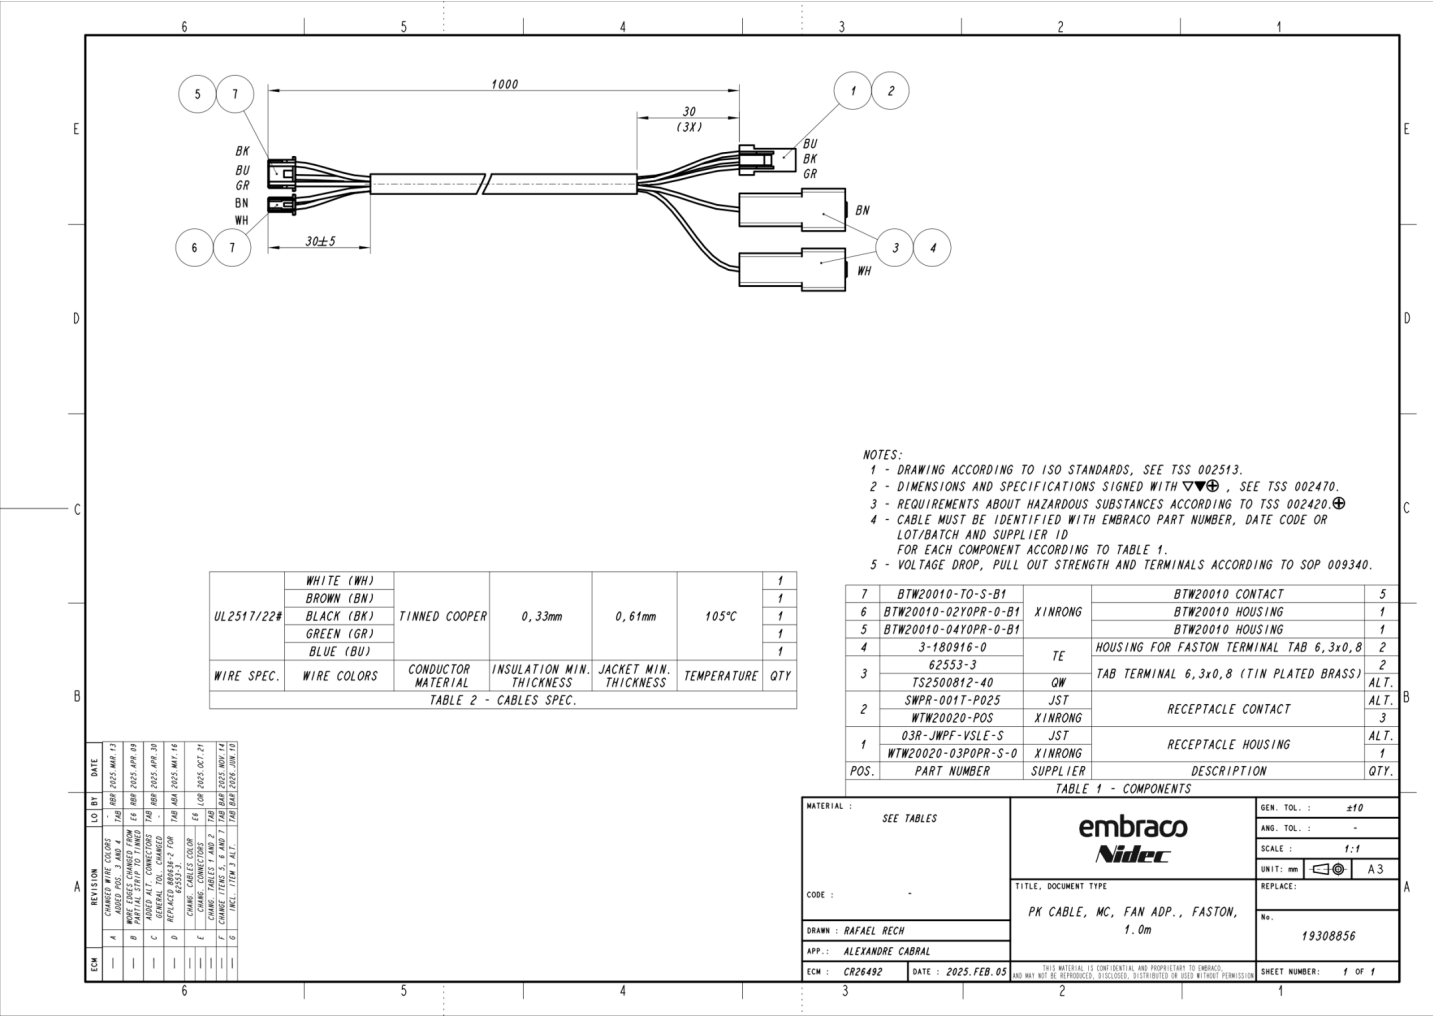

- IEC 60228
- IEC 60502-1
- ABNT NBR 5410
- ABNT NBR NM 247-3

Reasoning: Para cabos eletricos, alem das normas internas (TSS/SOP) e diretrizes gerais ISO, sugere-se a validacao de normas especificas para condutores e isolamento. A IEC 60228 define as especificacoes de condutores para cabos isolados, enquanto a IEC 60502-1 e voltada para cabos de potencia. No mercado brasileiro, a ABNT NBR 5410 orienta sobre instalacoes de baixa tensao, e a serie NBR NM 247 e aplicavel para cabos isolados com PVC.

3. GD&T; and Datums

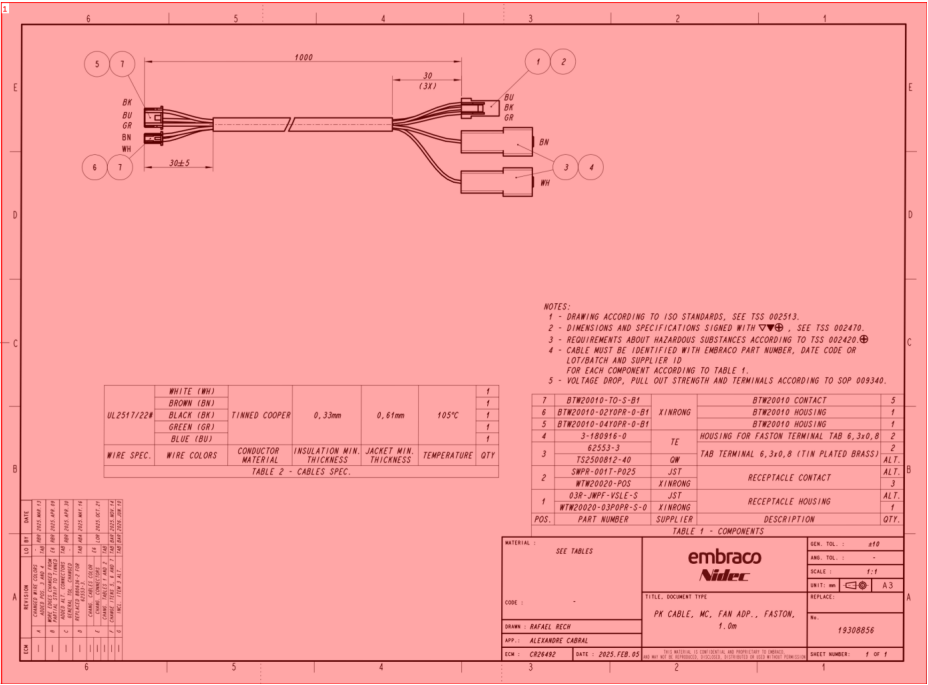

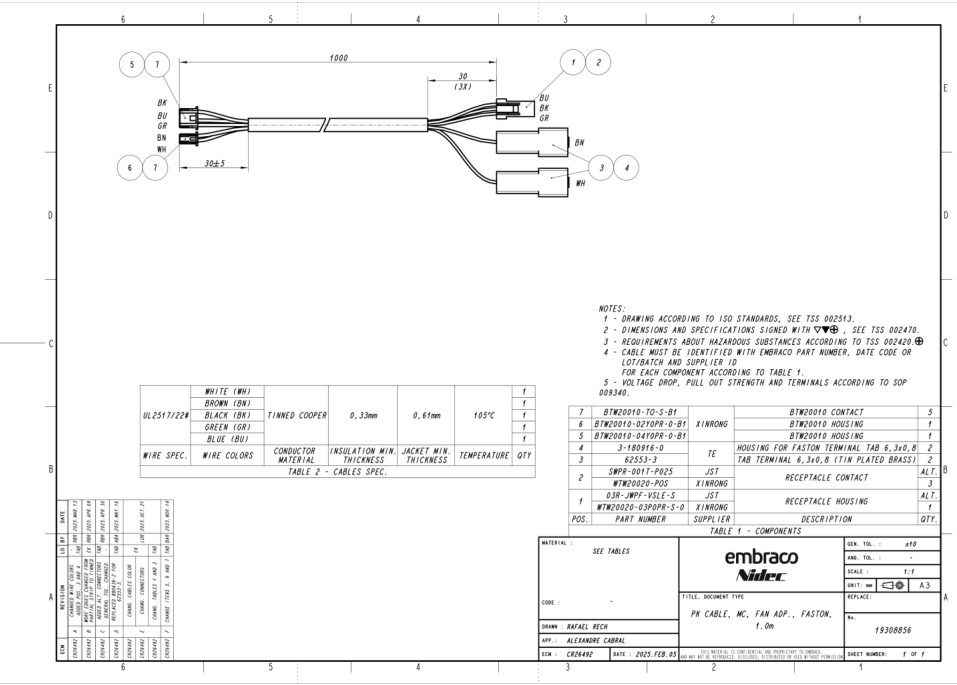

Page 1

- GD&T detected: 0
- Resolved datum references: 0
- Datum definitions found: 0

4. Difference Map with IDs

Comparison - page 1

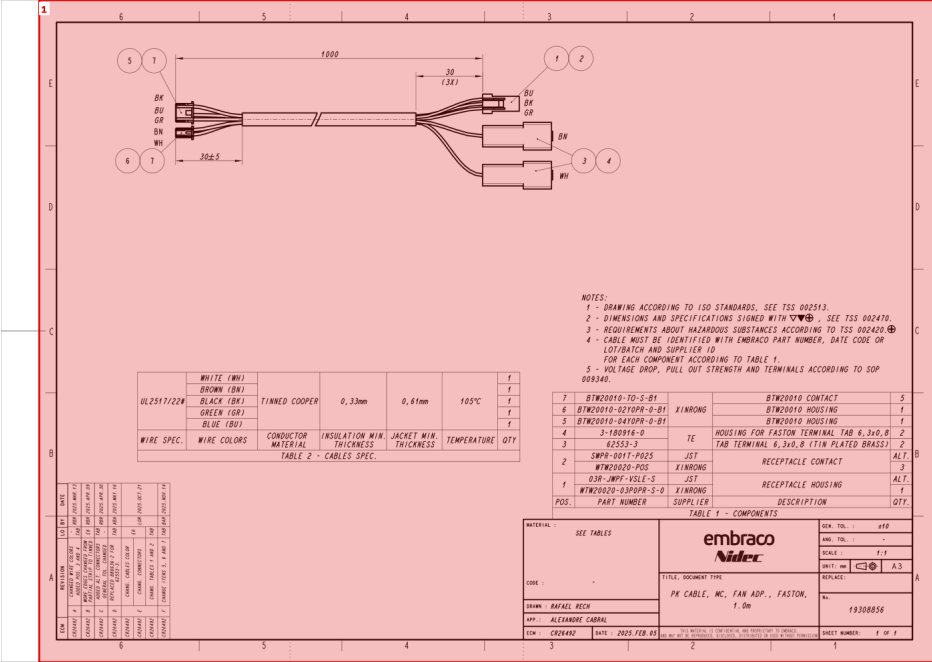

5. Differences by ID

Comparison - page 1

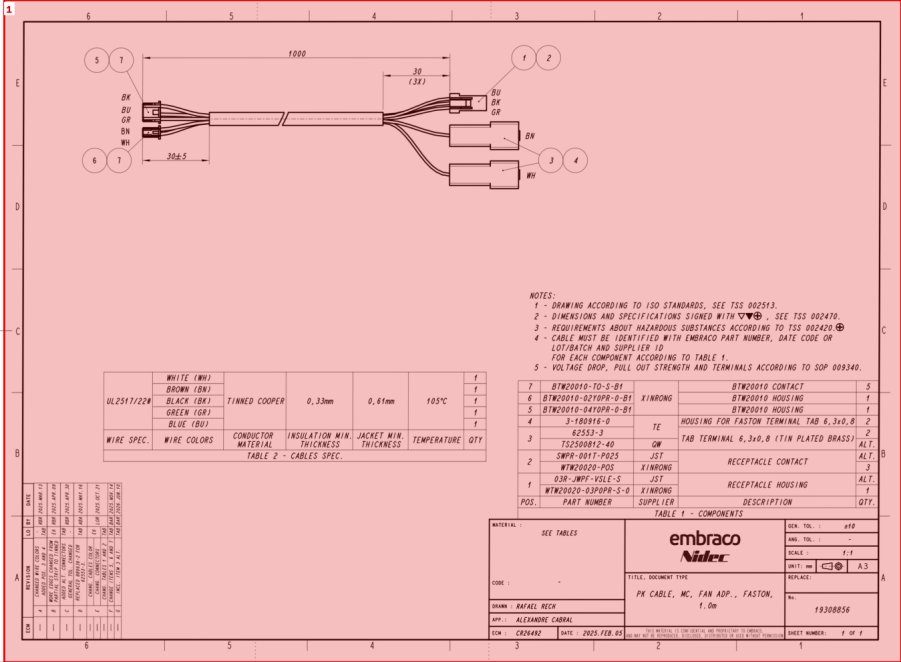

- Confirmed changes: 1
- Filtered false positives: 0

ID	Difference found	Recommended Action
1	Supplier for part number '3-180916-0' in Table 1 changed from 'TE' to 'QM'.	Validate the change against the applicable technical requirement.

Change #1

Original

Revised

Description: Supplier for part number '3-180916-0' in Table 1 changed from 'TE' to 'QM'.
